MISSION: to provide primary healthcare to our uninsured and income-eligible neighbors in Butler County
Dear Friend of the Community Health Clinic,

It is with great pride I share with you that the Community Health Clinic of Butler County (CHCBC) has completed 10 years of providing care for the community of Butler County.

Much has been accomplished in the 10 years since the clinic was opened. Behavior Health, Dental Services, Diabetic Education and Health and Wellness have all been added to the original medical services of the clinic. The clinic has matured to have a focus on the continuity of care for the whole person.

For the first time, the CHCBC has completed a Strategic Plan. We revisited the past, evaluated the present and set goals for the future. In the process of this exercise we have evolved a new mission and vision and defined our core values.

**OUR VISION:**

We will serve as a vital link in the local healthcare network by providing skilled and compassionate medical and dental care as we partner with other community resources to facilitate healing and hope for those who seek our help.

As our clinic continues to grow, and it becomes more apparent that the need for healthcare for the uninsured and underinsured population grows in Butler County, the CHCBC renews its commitment to meeting that need. In our growth, we cannot lose sight of our responsibility to renew our commitment to help our patients transition out of the CHCBC and in to the insured world. Our focus remains committed to this value.

As always, we are grateful to the volunteers and practitioners who generously give of their time to care for their neighbors. We acknowledge our Board of Directors who willingly provide leadership in guiding the clinic forward. We recognize the unwavering support of our donors and appreciate their ongoing commitment to the clinic and those we serve.

The CHCBC is always looking for volunteers and active board members. Think of areas where you might want to get involved in helping others!

We look forward to another year of having the opportunity to serve the community and, with tremendous gratitude, we thank everyone who supports the clinic and helps to make it a success.

Kimberly Reamer  
Executive Director

**BOARD OF DIRECTORS 2017-2018**

**EXECUTIVE COMMITTEE**

- David Konesni  
  President
- Jim Cunningham  
  Vice President
- Ernie Francelline  
  Treasurer
- Jean Purvis  
  Secretary
- Sue Switzer  
  Assistant Secretary
- Natalie McKay, NHA, MHA  
  Co-Chair, Clinical Services

**BOARD**

- Judy Connelly
- Dr. William DiCuccio
- The Reverend James Dollhopf
- Dr. Edward E. Fink
- Judge Marilyn Horan
- Conni M. Mazzoni
- Ruth Purcell
- Dr. S. Ramalingam
- Morgan Rizzardi
- Kristin Skalos, Esquire
- Heather Thomas

Dr. John Reefer received the first annual Jean B. Purvis Community Cornerstone Award at a recognition dinner held at Butler Country Club June 16, 2017. The event recognizes an individual who has contributed significantly to the development of the community and raises much needed funds for the Clinic.

**OUR MISSION:**

To provide primary integrated healthcare services for neighbors in Butler County and surrounding communities.
2017 ANNUAL REPORT

10 years ago, America was in turmoil wrestling with one of its great questions of the 21st century—how do we assure healthcare for all Americans? And how do we do that in a system where coverage for healthcare is generally provided by health insurance?

Debate raged across the country from town halls, to television stations to the halls of Congress. And to be sure, the issue is still not entirely resolved. But while the issue was debated, and Washington talked….Butler County, Pennsylvania, DID!

The people of Butler County created a healthcare provider that gives primary healthcare, health management, behavioral health assessment and even dental care to uninsured adults in Butler County and surrounding communities. The provider was created by a partnership between Butler Health System, Pittsburgh-based insurors and the community organizations and residents.

That “grand experiment” was—and is—the Community Health Clinic of Butler County. It is one of a handful of such clinics scattered throughout the nation created by communities using the Volunteers in Medicine model – a model created by Dr. Jack McConnell in Hilton Head, SC, that uses volunteers as the crux of its provision of care – volunteer doctors, nurses, dentists, nurse practitioners, dietitians and community members to bring critical care to uninsured adults.

Many thought that the passing of the Affordable Care Act would eliminate uninsured populations. And while it radically reduced the number of uninsured, those who work in healthcare and in government know there are always those ineligible, always those who fall through the cracks. Those who have insurance one day and lose it the next. Those so struggling that they can’t afford the discounted insurance coverage. And those who cannot find physicians who will accept their insurance.

These are the people we serve. The former manager of a closed business that now makes ends meet with 3 part time jobs. The service industry worker whose employer doesn’t offer insurance. The minimum wage employee of a small business that can’t afford to offer insurance. The middle-aged woman whose husband with employer-provided insurance dies unexpectedly, leaving her without coverage. The college student without family support.

DENTAL CARE

Critical to our service is the dental care we provide.

This is distinct to CHCBC. The founders 10 years ago understood the role dental health plays in overall health….that years of poor dental care contribute to heart disease and complicate diabetes. And that dental care is one of a very few things a hospital emergency room cannot treat. Hospital emergency rooms don’t have dentists so little dental care can be provided. Abscesses cannot be treated with any more than medications; painful, rotting teeth cannot be extracted. Among those we serve are veterans without dental insurance and, in 2017, Slippery Rock college students with dental emergencies or without familial financial support.

DIABETES MANAGEMENT AND WELLNESS EDUCATION

Treating people is paramount…but maintaining their health is just as important. Our diabetes management classes teach those with diabetes how to manage their disease with diet, medicine and lifestyle to enrich their quality of life and hopefully prevent catastrophic moments like the loss of eyesight or amputating limbs – which are devastating to the person and his/her family and costly to the American health care system. Wellness courses teach others how to control high blood pressure, heart disease and stress—and in fact, to prevent some of these. We help to keep employees healthy so they don’t need to take sick days that cost both them and their employer.

So crucial is wellness to managing health that in fiscal 2017, we began to provide this education to community organizations and their constituencies as a service.

In fiscal 2017 alone, we saw 747 patients and provided them with almost 4,000 service contacts. Over ten years, it has been thousands of patients. Thousands who would have ended up in emergency rooms, contributing to the high cost of healthcare we ALL pay for. Or even worse, thousands who may have gone without care, putting their health . . . theirs lives…at risk.

CLINICAL DELIVERY

What we are would not be possible without health care professionals who give their time and talents to care for our patients.

In 2017, Community dentists gave 247 hours to the treatment of our patients. Physicians and nurse practitioners gave 1004 hours. Community volunteers round out our team, contributing almost 6,000 volunteer hours.
The top 5 diagnoses of our patients in 2017 were:
- Hypertension
- Hypercholesterolemia (High cholesterol)
- Obesity
- Anxiety
- Depression

**WITH AN EYE TO THE FUTURE....**
While our 10 years demonstrate incredible success, it isn’t enough.

We have to remain a viable provider for the uninsured in our community for the foreseeable future. Our Board of Directors, therefore, took on an aggressive strategic planning process this past year. Members of the Board, staff and our volunteer force were selected to participate in a strategic planning process led by an external consultant to discern how the Clinic needs to evolve to remain relevant into the next decade. A new strategic plan was completed in the fall and approved by the Board of Directors in October. It has 5 major components – fundraising/sustainability; leadership development; awareness; fiscal stability; and program development.

Each of these efforts has a committee that leads and assures that progress is made in each of these areas. Diligent implementation of the work of these groups will assure a Community Health Clinic that is truly meeting the needs of its community.
JUNE 15
Our 2nd Annual Jean B Purvis Cornerstone Community Award Dinner honoring Larry Berg.
6 p.m. Butler Country Club. Tickets are limited. Call 724-841-0980 x 101

Larry Berg began his 70 years in broadcasting in 1948. Currently host of “Faces & Places” television interview program on Armstrong Cable channel 10. (9 years)
For 36 years, hosted The Larry Berg Talk Show on WISR and WBUT, Butler, PA
11 years, on air personality, KDKA Radio, Pittsburgh.
14 years, owner-manager, WBUT and WLER-FM, Butler, PA
Past president Butler County Chamber of Commerce.

CLINIC STAFF

Most of our caregivers, both lay and professional, are volunteers. Our paid staff includes one full-time and several part-time employees.

Executive Director—Kimberly Reamer*
Director of Case Management—Linda Thoma
Director of Development and Public Relations—John Righetti
Office Manager—Julie Fitzpatrick
Administrative Assistant—Terri Edgar

Medical Staff
Medical Director—Dr. Michele Mikolajczak, D.O.
Nurse Practitioner—Chris Cassioli, CRNP
Diabetic Nurse Educator—Linda Reichart, R.N.
Volunteer Dietitian—Carol Landis
Behavioral Health—Mandy Claypoole, PA
Volunteer Pharmacist—Larry Hibbs, RPH

Dental Staff
Volunteer Dental Director—Dr. George Bilowick, DMD
Dental Coordinator—Jo Anderson, EFDA
Dental Hygienist—Lauren Dowling, RDH

* Full time Staff

WISH LIST
Any of these items donated to the Clinic will be gratefully received!

- Three tab manila folders
- Sticky notes
- Legal Pads
- Hi-Liters
- Copy paper
- Wireless mouse
- Boxes of tissues
- 8160 mailing labels (Avery)
- Toilet paper
- Soft toothbrushes
- Toothpaste sample size
- Bottled water, juice, soft drinks
- Healthy snacks
- Plastic utensils
- Stamps
- K-Cups

WISH LIST FOR DIABETIC EDUCATION

- Magazines for Diabetics
- Exercise Bands
- Easy sitting exercise DVDs
